

# I have Coronavirus

Coronavirus is a virus.  
Some people call it  
Covid 19.

I have a cough.  
I feel hot.  
I find it hard to  
breathe.

I went for a test.  
The test result said  
I have Coronavirus.

I will have to stay  
in my room.  
No one else can come  
into my room.

Staff will take care of me.

They will wear an apron and gloves.

Staff wear special glasses called goggles.

They will wear a face mask.

I do not want to give  
Coronavirus to  
anyone.

I cannot see my  
friends or family.

Being on my own  
is hard.

Staff will help me  
if I am scared or sad.

Staff will bring me food  
and things to do.

Staff will do lots of cleaning in my room.

Staff will clean door handles and counter tops.

Staff will wash my clothes.

I will see my friends and family when I am better.
