

What is Social Distancing?

The boss of Ireland has made lots of new rules. The rules will keep us safe from coronavirus.

One of the rules is called social distancing.

Social distancing means staying away from people.

Social distancing means not touching people.

Many places
have closed because
lots of people go there.

My day service is
closed.

My club is closed.

Restaurants and shops
are closed.

They are closed
to keep me safe.

Social distancing means no touching.

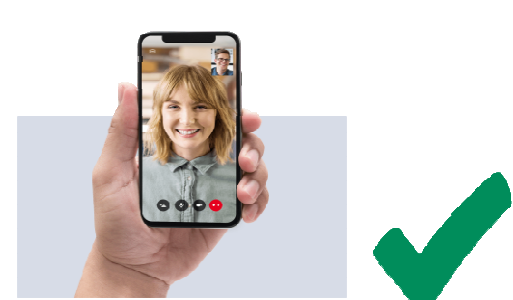

No touching means no handshakes or high fives.

No touching means no hugs or kisses.

I can't see my family or friends.

I can call them if I want.

The rules are
for everyone.

The rules will end.
We don't know when
the rules will end.

Staff can help me
to remember the rules
and what is safe.

Staff can help me to
think about other
activities to stay busy.

The rules will
keep people safe.
