

## Snapchat Privacy

**Snapchat is a messaging app where you can share pictures, videos and chat with your friends.**

**It's important to stay safe while using Snapchat and know who you share information with.**

**Changing your privacy settings can stop strangers from seeing your information.**

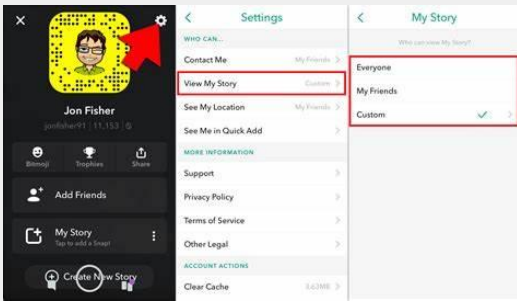

**An example is turning off your location on snap map.**

### Snapchat Checklist

**Tick the box if you know how to do the following on Snapchat.**

**I can change My settings.**

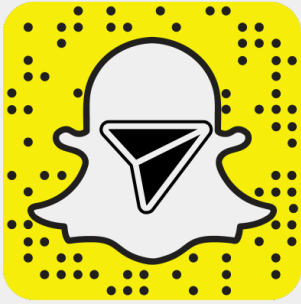

**I can turn off my location.**

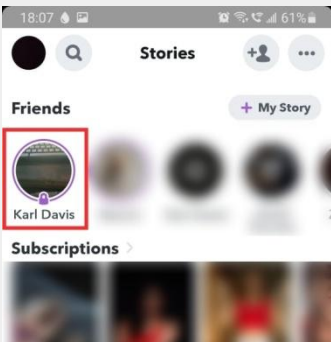

**I know who my friends are and their username.**

## Snapshot Checklist

**I know who can send me a Snapchat message.**

**I know who can view my story.**

**I know how to report an Inappropriate message.**

**I know how to block someone.**
